SURE FOCUS TWENTY TWO CC

Attention: Mr E. Morkot

email: encmorkot@topproducer.com

Dear Sir,

**PORTION 1 OF 25, 1 OF 27 & REMAINDER OF 27, AMANZIMTOTTI,
KWA-ZULU NATAL
VALIDATION OF GEOTECHNICAL REPORT BY GEOSURE (PTY) LTD**

Geosure (Pty) Ltd, hereafter referred to as Geosure, prepared a geotechnical report¹ referenced "Report to Sure Focus Twenty Two cc on the Results of a Geotechnical Investigation for the Proposed Residential Development Comprising Portion 1 of 25, 1 of 27 and the Remainder of 27 in Amanzimtoti, KwaZulu-Natal", hereafter known as the site, reference 120-09.R01 and dated 29th June 2009.

Geosure was requested by Mr E. Morkot of Sure Focus Twenty Two CC to provide a proposal and cost estimate to carry out a site validation comprising a walkover reconnaissance to map and appraise the surface geotechnical site conditions. Geosure provided this proposal and cost estimate in an electronic mail referenced p351-17(Portion 1 of 25, 1 of 27 and Remainder of 27)/mb and dated 14 June 2009.

In an electronic mail dated 10th August 2017, Geosure was authorised by Mr E. Morkot of Sure Focus Twenty Two CC to carry out the site validation as proposed.

Geosure personnel conducted the field validation exercise on 18th August 2017. On the basis of our observations, it is considered that all observations, slope stability comments and development recommendations given in the above report¹ by Geosure are considered to still apply to the site.

We trust that the above shall meet with your requirements. Please contact the author should you require any further information or wish to raise any points in connection with this report.

Yours faithfully,
For GEOSURE (PTY) LTD

E. Dada Mia
Engineering Geologist
